### ***48th International VGC Rally in Achmer / Germany, August 1-9, 2020***

The Osnabruecker Verein für Luftfahrt e.V. (founded 1909) will host the International VGC Rally for the third time (after 2002 and 2009). We are looking forward to many unforgettable flights and hours together and hope you enjoy your stay in Germany.

The main runway, which is located on the southern side of the airfield, has a length of 940 m, the runway for gliders in the north about 1100 m. In between lies the landing strip for gliders.

The airfield is approved for gliders, motor gliders and airplanes. Further information on the club are available on the website of the Osnabrueck Association for Aviation ([www.ovfl.de](http://www.ovfl.de)).
